## 2 Introduction

The purpose of this software is to allow EcoStruxure Building Operation alarms to be transmitted to a recipient's mobile phone via a text message (SMS - Short Message Service). This is to alert the end user of the condition of the EcoStruxure Building Operation facility while away from the system.

### 2.1 Change History

| Revision | Date             | Author            | Description/Change                                 |
|----------|------------------|-------------------|--|
| A        | 17 December 2020 | M. Josko          | Document Creation                                  |
